Dy Secretary to Govt.

Serial No.

1) Please see 'A' on Page 3 in the Copy of the Proceedings of the Major Irrigation Projects Central Board held on 28-11-64 a copy of which is placed below. Necessary action to appoint the Chairman, Central Water and Power Commission as a Member of the M.I.P.C. Board will have to be taken now. This may be referred to Sri. KRS for taking further action.

2) The decision of the M.I.P.C Board at 'A' on page 4 Ct and the orders of the Secy. PWR at page ~~xxx~~ 1 Ct may please be seen. As per the decision of the Board the Chairman [illegible] M.I.P.C will have to be appointed as a member of the Technical Sub committee and also the M.I.P.C Board. Before issue of ~~a~~ orders in this behalf it is perhaps necessary to address the Chairman C.W.P.C. and obtain his concurrence to be member of the Sub-committee and the

7) The proceedings of 13th meeting of the M.I.P.C. Board held on 28-11-64 placed at pages 1 to 4 of the c/f may be perused with particular reference to para (A) side lined in page 4. In order to arrive at quick decision re: complicated technical matters dealing with foundation and designs, etc., the Board decided that the Chairman of the C.W.P.C. to be a member of the M.I.P.C. Board and its Technical Sub Committee.

8) In order to facilitate the issue of a Govt. Order to that effect, it is felt that the concurrence of the Chairman, C.W.P.C. is necessary. Hence a draft letter addressed to the Chairman of the C.W.P.C. to go under

Stitching space	Central Water & Power Commission and in his absence, his nominee would have no objection to serve on the Major Irrigation Projects Control Board. As regard its Technical Sub Committee, it is stated, that if association of the Chairman or Member (D&R), C.W.P.C. is considered desirable, he should be made the Chairman of the Technical Sub Committee of the M.I.P.C. Board and not as a Member. It is also stated that T.A. & D.A. expenditure of the C.W.P.C.Officers likely to be incurred in connection with the business of the M.I.P.C. Board or its Technical Sub Committee will be borne by the Mysore Govt. The C.W.P.C.want this to be confirmed	

27.

In respect of H.E.C.P.Board the Chairman, Central Water & Power Commission and the Secretary, Irrigation & Power, Govt.of India, the Secretary, Finance Department, Govt. of India, are Members. Their T.A. & D.A. whenever they attend these meetings is not being paid by the Govt. of India. Such being the case in respect of M.I.P.C. Board also the T.A.& D.A. of the Chairman, C.W.& P.C. or his representative may be borne by the Govt. of India. However, it is a point for consideration whether it is desirable to address Govt. of India on this matter again or to accept the proposal of Central Water & Power Commission.

C.W&P.C. in their letter dated 7-7-65 at page 38 C/F. have informed stating that the Members of the C.W&P.C. are the Senior C.E's in the State and ~~hat~~ as such they will have to be made as the Chairman of the Sub-Committee. It was also intimated that in the event of a Director, C.W&P.C., being nominated to work on the Sub-Committee, the concerned Chief Engineer in the State Govt. would be the Chairman of the Sub-Committee. This procedure was followed in the case of the Maharashtra State when that State Govt. constituted Koyna Tremors Committee.

Therefore the C.W&P.C. have requested to review the position.

Submitted for perusal and orders.

MP

service, Members, Central Water & power Commission have been senior Chief Engineers in the States and therefore in case Member (D&R), Central Water & Power Commission is associated with the work of the Technical Sub-committee of the Major Irrigation Projects Control Board, he should be made a Chairman of the Sub-committee. In the event of the Director, Central Water & Power Commission being nominated to work on the Sub-committee the concerned Chief Engineer in the State would be the Chairman of the Sub-committee. It is stated that this procedure was followed in the case of Maharashtra State when that state constituted Koyna Tremors Committee. They therefore request that the matter be reviewed and the decision taken communiated.

Stitching space

36/ In view of the above it may be desirable to agree.-

1) The Member (D&R) C.W.P.C. is to be Member of the M.I.P.C. Board.

2) Regarding having the Member (D&R) C.W.P.C. as Chairman of the Technical Sub-Committee it is a point for consideration whether it would be advantageous from the point of view of the State as every project will come before the Technical Sub-committee and the Member (D&R) as Chairman may not facilitate quick disposal of the project.

Hence it may be sufficient if only he is made the Member of the M.I.P.C.Board.

Proceedings of the Major Irrigation Projects control Board Meeting held on 28-11-64 at 4.30 P.M. in the chambers of the Chief Minister, Vidhana Soudha, Bangalore.

Members present:-

1. Sri S.Nijalingappa. Chief Minister.	Chairman.
2. Sri Chandappa Patel., Secretary to Government, Public Works Department.	Member.
3. Sri S.G.Balekundry., Joint Secretary, P.W.D., and Chief Engineer(General).	Member.
4. Sri Veeraraje Urs., Secretary to Government, Finance Department.	-do-
5. Sri I.M.Magdum., Chief Engineer, Irrigation Projects.	-do-
6. Sri H.Ananthachar., Retired Chief Engineer.	-do-
7. Sri M.Mallaraja Urs., Director ofAgriculture.	-do-
8. Sri M.Channappa., Deputy Secretary, P.W.D.(Irrigation).	Ex-officio Secretary.

Members absent:-

Prof. N.S.Govinda Rao.

Subjects:-

1. Confirmation of the minutes of the 12th meeting of t he Board held on 6-4-64 at 4 P.M.

Confirmed with slight modification at page 2 in respect of item 4. The Board considered that it is desirable to examine the proposal of the Chief Engineer by Government subject to:

(i) Verification that M/S M.S.Ramaiah was in a better position to carry out the work than M/S Mysore Engineering Syndicate.

(ii) there shall be no conditions attached to the contract,

(iii) the contract will be drawn on the new P.W.D. form to be issued.

2. Confirmation of the Proceedings of the meeting of the M.I.P.C. Board held on 30-4-1964 at 11 A.M.

Confirmed.

3. Consideration of the Proceedings of the Technical Sub-Committee of the Board held on11-6-64 at 4-30 P.M.

i) Harangi Reservoir Project - Sub Committee. Proceedings of the Noted.

ii) Upper Krishna Project - Noted.

iii) Laxmanathirtha Project - Noted.

4. Action taken on the proceedings of the 12th meeting of the Board held on 6-4-1964 at 4 P.M.

5. Action taken on the proceedings of the Special meeting of the M.I.P.C. Board held on 30-4-64.

Noted.

Subjects:-

1. Estimates prepared by the Chief Engineer requiring scrutiny and advice of the Board for obtaining administrative approval of Government.

Nil

II. Proposals for delegation of powers to various officers regarding technical and financial matters for efficient management of Projects.

Nil.

III. Examination and preparation of Schedule of rates and Specifications:-

1) Tenders of Malaprabha Tunnel:- The recommendations of the Technical Sub Committee have been accepted - Subject to decision of Government on the matter of acceptance of arbitration clause. Since Government have already taken a decision to do away with the arbitration, the matter of abbitration has to be placed before the Cabinet in consultation with the Law Department.

If Government takes a decision in favour of acceptance of arbitration clause, the recommendation of the Technical Sub-Committee ~~may be accepted~~ can be accepted.

2) Tenders of Malaprabha Dam Excavation:- The recommendation of the Technical Sub-Committee, viz., that the work may be entrusted to M/S Bharath Builders and also M/S Shankara-narayana Construction Company on 50:50 basis (M/S Bharath Builders to be given the right bank portion and M/S Shankarnarayan Construction Company, the left bank portion), have been accepted-subject to the condition that M/S Bharath Builders reduce the cost to that of M/s Shankarnarayan Construction Co., considering also ½% rebate offered by that firm. The reduction in the total cost should be pro-rata on all items of the work but not in any particular item or items.

3) Rates to be paid to M/S Mani & Co., for masonry work in Kabini Project: -

The Board discussed the recommendation of the Technical Sub-Committee and decided that since Government have already taken a decision to pay only C.S.R. and orders issued, the firm M/S Mani & Co., may be paid at C.S.R. rates only.

4) Construction of spillway at Hidkal Dam:-

(i) Rates to be paid to M/S Pioneer Engineering Syndicate beyond the agreed period - The Board Considered the recommendation of the Technical Sub-Committee and desired that the Chief Engineer should negotiate with the contractor regarding the acceptance of C.S.R. or the adhoc rates of Rs. 61/- and the Contractor committed to it so that final decision may be taken in this behalf.

(ii) Foundation excavation of Hidkal Dam - rates to be paid to the other agencies:-

The recommendations of the Technical Sub-Committee were considered and it was decided that C.S.R. 1964-65 minus the percentage below the schedule ofrates offered and accepted at the time of acceptance of original tenders may be allowed.

During discussion with regard to the rates to be paid to ~~xxxxxx~~ pioneer Engineering Co., the Chief Engineer referred to certain foundation difficulties in the Spillway Section of the Hidkal Dam which were reported to be in the nature of:

(a) greater depths of foundations required to be reached, and

(b) a fault zone crossing the Dam seat.

He explained in detail the implications and also the steps he took for resolving the foundation difficulty in consultation with the C.W.P.C. It is learnt that the Chairman, C.W.P.C., and the Consulting Geologist, Government of India visited the spot and have now given decision on the foundation problem and hence the work may now go on.

In this connection, it has been observed by the Board and also by the members of the Technical Sub-Committee that this matter of foundation difficulty in Hidkal Dam has not been brought either before the Technical Sub Committee or before the M.I.P.C. Board at any time. Government also have not been informed of the difficulties and also the steps taken by the Chief Engineer, Irrigation Projects in this behalf. The extra likely financial implications due to these difficulties, it was felt, ought to have been brought to the notice of Government as soon as these difficulties were noticed.

After discussion, it has been decided that all matters relating to technical difficulty in foundation etc., have to be placed before the Technical Sub-Committee and their considered views may be intimated to the Board for information. In order to facilitate thorough discussions and decision from all points of ~~xxx~~ view and also to co-ordinate the work relating to technical matters, the Board decided that the Chairman of the C.W.P.C. may be made a member of the Technical Sub-Committee and also member of M.I.P.C. Board.

IV. Progress Reports:- The Chief Engineer was again requested to place before the Board progress reports of all the Major and Medium irrigation Projects under execution with charts indicating the physical progress and financial progress, etc., which may be perused by the Board from time to time. In this connection, it has been clarified that such progress reports and charts are being prepared by S.V.Project authorities and placed before the H.E.C.P. Board during its meetings.

V. Next meeting:- The Board decided to have the next meeting at 4 P.M. on 14th January 1965 at Bangalore.

No. PWD 36 MMI 64.

To

The Chairman,
Government of India,
Central Water & Power Commission,
New Delhi.

Sir,

Sub:- Major Irrigation Projects Control Board Mysore State - Appointment of the Chairman Central Water & Power Commission as a member of the Board and its Technical Sub-Committee.

I am directed to state that with a view to ensure efficient, economical, and speedy execution of the several Major Irrigation Projects undertaken in the Mysore State, this Government set up, ~~in the year~~ 1960, a Major Irrigation Projects Control Board ~~and~~ with a Technical Sub Committee ~~of the Board~~. The Board and the Sub Committee consists of Officers and non-officials (Retired Chief-Engineers).

The details of the powers and functions of the ~~Major Irrigation Projects~~ Control Board and its Technical Sub Committee, as also the personnel of the two Bodies, as at present, are indicated in the annexures ~~of~~ this letter for your information.

In ~~this connection I am to add that~~ At the 13th meeting of the ~~Major Irrigation Projects~~ Control Board held on the 28th November 1964, ~~the Chief Engineer Irrigation Projects of the State informed the Board that it is necessary and~~ desirable that the Chairman Central Water & Power Commission ~~should~~ be a member of the Major Irrigation Projects Control Board and its Technical Sub-Committee to facilitate resolving quickly the technical problems relating to ~~designs~~, foundations and design of hydraulic structures, etc., of the large plan projects undertaken by this State.

~~In this context~~, the Board decided that in order to facilitate thorough discussions and decisions from all points of view and also to co-ordinate the work relating to technical matters, the Chairman Central - Water & Power Commission may be made a member of the Technical Sub Committee as well as the Major Irrigation Projects Control Board. I am therefore to request you kindly to intimate your concurrence to be a member of the Major Irrigation Projects Control Board and its Technical Sub Committee to enable necessary orders of Government being obtained and issued. However, if for any reason, it is not possible for you to be a member of the Board and its sub committee, it may be intimated whether you would propose a member of the Central Water & Power Commission as your nominee, to serve on the Major Irrigation Projects Control Board and its Technical sub-Committee.

An early reply is requested.

Y/f

Secy. to Govt. PWD.

I am to request you kindly to make it convenient to attend the Board's meeting on the 19/12/64 for discussion with the Chairman C.W.P.C. regarding the Technical matters.

The Technical members of the Board feel that it would facilitate arriving at early decisions on some of the intricate Technical problems & allied matters if the Chairman C.W.P.C. is associated with the Board and its Technical Sub Committee.

Proceedings of the Government of Mysore.

Sub:-Powers and Functions of the Major Irrigation Projects Control Board constituted in G.O. No.PUD 87 MSL 60 dated 24-9-1960 and Rules of Procedure and Business.

ORDER NO.PUD 87 MSL 60
Dated, Bangalore, the 17th January 1961,
Pushya 27, Jaya Era 1883.

With a view to ensuring efficient, economical and speedy execution of the ~~xxxxx~~ several major irrigation projects undertaken by the State, the Government of Mysore constituted in Government Order No.PUD 87 MSL 60 dated 24-9-1960 and 3-11-1960 the "Major Irrigation Projects Control Board" which consists of the marginally* noted Officers and non-Officials (Retired Chief Engineers). The Board which has representatives of the concerned Departments of Government as Members & the Minister for Public Works & Electricity as Chairman is competent to take decisions on behalf of Government. In order to see that there is no delay either in calling for tenders or deciding tenders, for according approvals to modifications and revisions, etc., it is considered necessary to empower this Board to take quick action on these urgent matters in anticipation of approval of Government. It should function more or less like the Control Boards elsewhere in India,

*1. Minister for P.W.& Elec., --- Chairman
2. Sri M.S.Thirumalai Iyengar, I.A.S., Adviser to Govt., P.W.D. Member
3. Secretary to Govt., P.W.& Elec. Department. "
4. Secretary to Government Finance Department "
5. Secretary to Government, Planning & Development Dept. "
6. Chief Engineer, Irrigation Projects, Hirabad, "
7. Sri M.Narasimhiah, B.A., B.E., M.I.E., Chief Engineer (Retired) "
8. Sri M.N.Narasinga Rao, B.A., B.E., Chief Engineer (Retired) "
9. Sri T. Ramachandra, B.E., A.M.I.E., Chief Engineer (Retired) "
10. Sri E.M.Ranthechar, B.E., A.M.I.E., Chief Engineer (Retired) "
Officer on Special Duty, P.W.D., Ex-Officio Secretary.

such as the Pirated Control Board,etc.,and with this end in view,Government hereby orders that the following would be the powers and functions of the "Major Irrigation Projects Control Board".

1.To scrutinise the estimates prepared from time to time by the concerned Chief Engineers and to advise necessary modifications and recommend the estimates for administrative approval of Government;

2.examine and approve from time to time the delegation of such powers both technical and financial as it may deem necessary for the efficient execution of the Major Projects to the Chief Engineer/Superintending Engineer/Executive Engineer/Assistant Engineer engaged in the execution of the Projects;

3.Examine and where necessary,lay down specifications and schedule of rates for various classes of work with a view to sound and efficient execution of the Projects;

4.approve all sub-estimates and contracts,the cost of which exceeds the powers of sanction of the Chief Engineer;

5.approve all proposals for award of work or supplies on contract other than those based on public tenders and purchase of stores which are all beyond the powers of the Chief Engineer and on detailed quantitative estimates and work allotted on work order basis on schedule rates;

6.frame rules as to delegation of powers and procedure for the purpose of carrying out business;

7.decide the programme of construction of different parts of the projects keeping in view the funds available,the economics of the projects and desirability of obtaining quick results;

8.decide on the stage development of water power & withdrawals of water from the reservoir during the construction period for irrigation and power purposes with a view to secure best use of water available;

9.Scrutinise the estimates and accounts of expenditure incurred in resettlement and rehousing of the dispossessed persons including land acquisition and connected charges;

10.receive monthly progress reports both as to works and expenditure in a prescribed form from the concerned Chief Engineer,review progress of different units of the Project and lay down steps to be taken to expedite the work;

11.All decision taken by the Board will be submitted to Government for formal ratification and in urgent cases,the decision of the Board may be implemented by the Department in anticipation of ratification of Government,by a resolution of the Board to that effect.

12.Rules of procedure and business of the Major Projects Irrigation Control Board are appended with this.

By Order and in the name of the
Governor of Mysore,

Sd/-(C.J.Venkatesa Das)

Rules of Procedure and Business of Major - Irrigation Projects Control Board.

The rules of procedure and business of the Major - Irrigation Projects Control Board may be divided into three parts:-

I. General Procedure.

II. Special Procedure for dealing with estimates.

III. Special Procedure for emergency sanctions.

Part I-General Procedures:-

1. All matters requiring the attention of the "Major Irrigation Projects Control Board" will be addressed to the Secretary to the Board.

2. All references to the Board should ordinarily be made in the form of a self-contained letter or note but if the authority concerned so desires, it may send its office file clearly indicating the points to be brought to the notice of the Board requiring their sanction.

3. On receipt of a reference, a note for the consideration of the Board will be prepared by the Secretary under such general or specific directions as may be given to him from time to time by the Chairman of the Board. The Secretary's note should particularly bring out the points on which orders of the Board, if any, are required and should be sent ~~xx~~ to the Members of the Board and to the Chief Engineer and initiating authority concerned as soon as ready.

Note:- The Members should send their proposals to the Secretary as they arise and the Secretary should, after due examination, circulate the item and the memorandum to the members as soon as possible. Really emergent items may be brought up by a member at any time and when so brought it should be submitted by the Secretary to the Board ~~xx~~ even if he is not able to examine the item. At

It shall be opened to the Board to consider the item or postpone it for consideration at a later meeting.

4. All notes for consideration of the Board issued by the Secretary upto 10 days prior to the date of the meeting will be included in the Agenda for that meeting. The Chairman may permit other items to be included in the Agenda.

5. The decisions of the Board will be recorded in the minutes of the proceedings of the Board and after approval of the minutes by the Chairman, the Secretary of the Board will communicate the decisions to all concerned.

Where the decisions are to be communicated in the form of a sanction by the Government, the Secretary will prepare a draft of such sanction and send it to the Minister for Public Works & Electricity.

Para II- Special Procedure for dealing with estimates.

6. Every estimate requiring approval of the Board under rule 4 of the constitution of the Board shall be sent to the Secretary of the Board in accordance with [illegible] above, at least two weeks prior to the date of the Board's meeting at which it is to be considered; the report on the estimate, provision slip and abstract of cost should be in duplicate.

7. On receipt of the estimate, the Secretary will scrutinise it and prepare a note, which will be passed on with papers to the members of the Board.

8. Estimates will be approved after scrutiny by a Sub-committee consisting of non-official technical members of the Board, presided over by the Adviser, Public Works Department. The full details of the estimate as received from the Chief Engineer, together with plans, will be made available to the members of the Sub-Committee for examination.

9.The decisions of the Board will be recorded in the minutes of the proceedings of the Board and after approval of the minutes by the Chairman,the Secretary of the Board will obtain competent sanction and communicate decisions to the Chief Engineer for issue of technical sanction.

Part III. Special Procedure for emergency sanctions

10.When any reference is made to the Secretary of the Board it will be assumed that it is to be dealt with in the normal course as in Parts I & II above. If for any reasons sanction is required urgently in anticipation of the Board's approval,the Chief Engineer should make a specific request for the same.

11.On receipt of this reference,the Secretary will prepare a note and obtain orders on it from the Chairman. These orders will be communicated by the Secretary to the authority concerned as in Rules 5 and 9.

12.The Secretary will then include the proposal in the agenda of the next meeting for confirmation of the orders passed by the Chairman. He will,for this purpose, let the Board have a gist of the case.

PROCEEDINGS OF THE GOVERNMENT OF MYSORE.
PUBLIC WORKS DEPARTMENT.

Sub:-Constitution of a Sub-Committee of the Major Irrigation Projects Control Board constituted in G.O.No.PWD 87 MGL 60, dated 24-9-1960.

Read:- 1. G.O.No.PWD 87 MGL 60, dated 24-9-1960 Constituting the Major Irrigation Projects Control Board.

2. G.O.No.PWD 87 MGL 60, dated 3/10-11-1960.

3. G.O.No.PWD 87 MGL 60, dated 17-1-1961 specifying powers, functions, Rules of procedure and business of the M.I.P.C.Board.

PREAMBLE:

The Major Irrigation Projects Control Board has been constituted to function as the Control Board for all the Major and Medium Irrigation Works in the State and empowered to take decisions on behalf of the Government, the main functions being as listed below:-

1. to scrutinise the estimates prepared from time to time by the concerned Chief Engineer and to advise necessary modifications and recommend the estimate for the Administrative approval of Government;

2. to examine and approve from time to time proposals for the delegation of power to various P.W.Officers regarding technical and financial matters for efficient management of projects;

3. to examine schedule of rates and lay down specifications with a view to sound and efficient execution of the project;

4. to approve sub-estimates, contracts and purchases, exceeding powers of the Chief Engineers;

5. to review monthly progress and programme of works;

6. withdrawal of water for stage development of Irrigation and power;

7. to scrutinise the estimates, programme and progress of Rehabilitation and Acquisition and

8. Establishment matters.

It has become necessary to constitute a Sub-Committee to facilitate the Board in deciding technical matters indicated in the rules of Procedure and Business accompanying the Government order read at (3) above.

ORDER NO.PWD 13 MSC 61, BANGALORE, DATED: 28th June 1961.
Ashada 7th, 1883.

Government are pleased to constitute a Technical Sub-Committee of the Major Irrigation Projects Control Board with the following membership:-

1. The Adviser, P.W.D. — Chairman.
2. Sri M.Narasimhaiah, B.A.,C.E., — Member.
3. Sri B.S.Narasinga Rao, B.A., B.E., — "
4. Sri K.S.Gangadhara, B.E. — "

p.t.o.

5. Sri H.Ananthachar, B.E.,A.M.I.E.(Ind), Member.
6. The Chief Engineer, Irrigation Projects, Member-Secretary

The Sub-Committee will function as long as the Major Irrigation Projects Control Board exists and the main functions of the Sub-Committee will be to advise the Board on technical issue relating to the following matters coming under the purview of the Board:-

1. Estimates of Projects including investigations and designs of Projects.
2. Delegation of powers (in respect of technical matte
3. Preparation and examination of schedule of rates and specifications.
4. Proposals relating to sub-estimates, contracts and purchase of materials.
5. Progress and programme of works.
6. Water utilisation for Irrigation and Power.
7. Establishment (Technical).
8. Any other matters as may be referred by the Board.

The decisions would be by simple majority in case there is no unanimity and in the case of tie, the Chairman's decision shall be final. The Proceedings of the Sub-Committee shall be maintained in the form of issues (in brief) and the decisions taken thereon. The Chief Engineer(IP) Member-Secretary, shall furnish the same regularly to the Secretary if the M.M.P.C.Board for placing before the Board for ratification.

The non-official members of the Technical Sub-Committee will draw T.A. and D.A, in accordance with the rates specified in List "A" of Annexure to the M.C.S.R., Part VIII -- The Mysore Travelling Allowance Rules, 1957. In addition, the non-official members will be entitled to draw Sitting fees of Rs.20/- for every day of the meeting.

The expenditure on this account will be met from the Budget

New Delhi, the 3rd May, 1965

To

The Secretary to the Govt. of Mysore,
Public Works Department,
BANGALORE.

Subject:- Major Irrigation Projects Control Board - Mysore Stat
Appointment of the Chairman, CW&PC as a Member of the
Board and its Technical Sub-Committee.
.....

Sir,

xp 29/C1

In continuation of this office letter of even number dated the 23/24th March, 1965 on the subject mentioned above it is stated that Chairman, CW&PC, and in his absence his nominee would have no objection to serve on the Major Irrigation Projects Control Board, Mysore State. As regards its Technical Sub-Committee, if association of Chairman or Member (D&R), CW&PC was considered desirable, he should be made Chairman of such a Sub-Commi ttee and not as a Member.

It is presumed that T.A. & D.A. expenditure of the CW&PC Officers likely to be incurred in connection with the business of the Board/Technical Sub-Committee will be borne by the State Government of Mysore. This may kindly be confirmed

Yours faithfully,

(Amrit Rai)
Under Secretary (C),
for Chairman, C.W.&P.Commission.

I.N. Magdum, BE, MIE,
Chief Engineer,
Irrigation Projects in Mysore

Dated 7.7.1965

Express.

D.O. No. 175/P

Sub:- Major Irrigation Projects Control Board -- Nomination of Member, CWPC, on the --

Dear Shri Patel,

Some time back it was suggested in the meeting of Board that the Central Water and Power Commission may nominate a representative to guide the deliberations of the Major Irrigation Projects Control Board and offer his technical comments. It appears so far nothing has been done.

2. In this regard I would like to again emphasis that the absence of a representative of Central Water & Power Commission on the Major Irrigation Projects Control Board is a serious handicap from the State's point of view. No doubt the technical decisions are done at the level of the Chief Engineer in charge of Projects through the Technical Sub-Committee of the Board, but this ultimately would require concurrence of the CWPC necessarily before technical clearance is given and some times even after technical clearance is given. The presence of the Member, CWPC, on the Major Irrigation Projects Control Board, would go a long way to take on the spot decisions by the Board and expedite project works.

(Contd. on page 2) ...

3. In this context it is customary that the Member, Designs and Research of Central Water and Power Commission, is generally associated with the Major Irrigation Projects Control Board and it should be more so with regard to our State where lot of projects are yet to be technically cleared. I, therefore, recommend that the Member, Designs and Research of Central Water & Power Commission, may be nominated as a Member of the Major Irrigation Projects Control Board. For obvious reasons, the Central Water and Power Commission may not like to associate the Member, CWPC, with the Technical Sub-Committee of the Board, and we may also not press for it. His association with the Major Irrigation Projects Control Board would itself exercise overall technical consultation.

4. I, therefore, request you to move the Government to address the Chairman, Central Water & Power Commission. to nominate the Member, Designs & Research, C.W.P.C., as Member of the Major Irrigation Projects Control Board of Mysore State for a period of 2 years in the first instance.

5. The next meeting of the Major Irrigation Projects Control Board is proposed to be held on 19-7-65, when important technical matters are coming for discussion. In the absence of unanimity of opinion among the Members of the Technical Sub-Committee, which ~~was~~ has evident during the last Control Board meeting, it ~~was~~ would be rather embrassing for the Board to take any final decision without the help of the Member, Desgins & Research of CWPC. I, therefore, request immediate action in this regard to address the Chairman, Central Water & Power Commission.

Yours sincerely,

(I.M. Magdum)

Subject:- Major Irrigation Projects Control Board - Mysore State - Appointment of the Chairman, C.W.&P.C. as a Member of the Board and its Technical Sub-Committee.

.....

Sir,

With reference to your letter No.PWD.36.MML/64 dated the 28th May, 1965, on the subject quoted above I am to state that prior to joining Central Government service, Members Central Water & Power Commission, have been senior Chief Engineers in the States. It was in this context that the suggestion was made in C.W.&P.C. letter dated 27th February, 1965, that in case Member (D&R), C.W.&P.C., was associated with the work of Technical Sub-Committee of the Major Irrigation Control Board, Mysore State, he should be made the Chairman of the Sub-Committee. It was also intimated that in the event of a Director, C.W.&P.C., being nominated to work on the Sub-Committee, the concerned Chief Engineer in the State Government ~~shou~~ would be the Chairman of the Sub-Committee. This procedure was followed in the case of the Maharashtra State when that State Government constituted Koyna Tremors Committee. It is requested that the matter may therefore kindly be reviewed and this office informed of the decision taken as soon as possible.

Yours faithfully,

(Amrit Rai)

No. 222/P
Encls.

Immediate.

Dated. 19-7-1965

To

The Secretary to Government of Mysore,
Public Works & Electricity Department,
'Vidhana Soudha', Bangalore - 1.

Sri,

Sub:- Major Irrigation Projects Control Board -- Mysore State -- Appointment of the Chairman, CW&PC, as a Member of the Board and its Technical Sub-Committee.

Ref:- D.O.No. PWD 36 MMI 64 dated 19-7-1965 from the Dy. Secretary to Govt., PWD, (Irrgn).

In the existing arrangement the Chief Engineer, PWD, Irrigation Projects, is the Chairman of the Technical Sub-Committee and according to the policy laid down, he has to take decisions on technical matters in consultation with the Members of the Technical Sub-Committee.

2. The association of a Member, CWPC, with the Technical Sub-Committee would change the very complexion of the latter. In such an event the Technical Sub-Committee would be a decision making Body on technical matters instead of the Chief Engineer of the State, in which case the Chief Engineer will have to consult the Committee and the Chairman on every matter instead of taking decisions by himself.

3. One of the important functions of the Major Irrigation Projects Control Board is to take decisions also on technical matters. The

The Technical Sub-Committee is constituted with the association of some Members of the Board to facilitate earlier and separate discussions, which could be put up before the Major Irrigation Projects Control Board in a well considered form. The technical matters which come before the Major Irrigation Projects Control Board are those which require Government sanction or the technical clearance of the Central Water & Power Commission, Government of India. I, therefore, do not consider it either advisable or appropriate to associate the Member, CW&PC, at the level of the Technical Sub-Committee, but it would be a very good asset and advantage and also help to expedite matters if the Member, Designs & Research, CWPC, is made a Member of the Major Irrigation Projects Control Board, where such of the technical matters which would go to Government of India could be discussed and decided in consultation with him.

4. In view of the above mentioned reasons I am of opinion that the Member, Designs & Research, CWPC, be associated with the Major Irrigation Projects Control Board, as a Member, and that it is neither necessary nor wise to associate him with the Technical Sub-Committee.

Yours faithfully,

(I.M. Magdum)
Chief Engineer, PWD,
Irrigation Projects,
Bangalore-1.
